## **1. WHO ARE THE AZERBAIJANI “ECO-ACTIVISTS” WHO HAVE BLOCKADED THE ARTSAKH-ARMENIA ROAD OF LIFE AND HOW DID THEY APPEAR IN ARTSAKH?: FACTED-BASED INTRODUCTION**

This report is developed jointly by the Center for Law and Justice “Tatoyan” Foundation<sup>1</sup> (hereinafter: Foundation) and the Human Rights Ombudsman of Arstakh. The purpose of the Report is to provide evidence shedding light on the real situation taking around the blockade of the only Road of Life connecting Artsakh (Nagorno Karabakh) and its 120,000 civilian population with Armenia and the outside world.

On 12 December 2022, the Human Rights Ombudsman of the Republic of Artsakh detected that on the same day at around 10:30 AM (GMT+4), several groups of people from Azerbaijan, who claim to be so-called “independent environmentalists” or “civil movement”, blockaded the Goris-Stepanakert highway, in the area known as the “Lachin Corridor”. This is the only road that connects Artsakh to Armenia and the rest of the world. It is the road of life for 120,000 civilians who live in Artsakh. After the closure of the road, the entire civilian population of Artsakh has become in total blockade and isolation facing massive human rights violations and security threats. This information was immediately shared with the Foundation within the established cooperation with the Ombudsman of Artsakh.

From the very beginning of the blockade of the Road of Life, the facts revealed the close affiliation of the so-called “eco-activists” with the Government of Azerbaijan. Further analysis of evidence as regards some of those people showed that, in fact, they are controlled and governed by the authorities of Azerbaijan. Moreover, these are people who openly show their hatred towards Armenians and, in their public posts, openly encourage killings of Armenians, destruction of Armenian communities<sup>2</sup>.

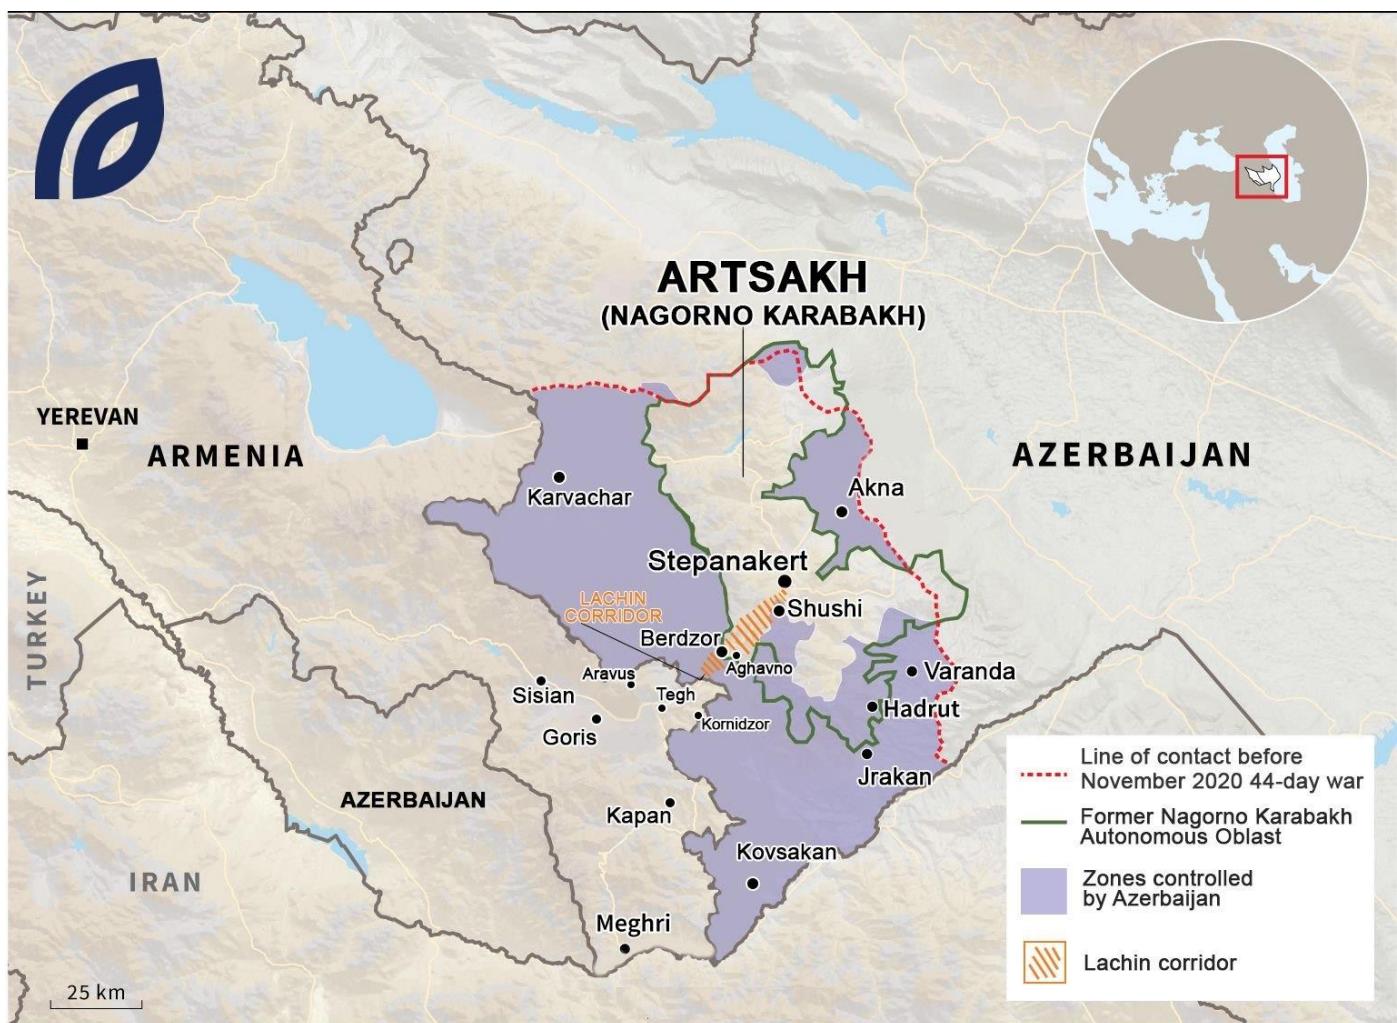

---

<sup>1</sup> The foundation is an independent non-profit organization, that carries out a mission of protecting and promoting human rights at national and international levels. One of the principle goals of the Foundation is to protect human rights, social justice, and national security within strengthening the rule of law and democracy. The Foundation carries out its mission through monitoring, consideration of complaints, collection of facts on the ground, etc

<sup>2</sup> Evidence established by the Center for Law and Justice “Tatoyan” foundation; available at: <https://tatoyanfoundation.org/ovkher-en-irakanum-arcax-hayastan-tchan/?lang=en>, as well as some independent media outlets; for example, available at: <https://www.civilnet.am/en/news/686152/who-really-are-azerbaijans-environmental-activists-blockading-karabakh/>.

However, the Azerbaijani authorities have been continuously denying their relation to these self-proclaimed “eco-activists”. They have been trying to mislead the international community by presenting these people as independent activists with no relation to the Government.

***The location of the Road of Life and the blockade***

Given the above-mentioned situation, it was obvious that there is an urgent need for thorough analyses and research to establish the reality with objective evidence and not to allow the Azerbaijani authorities to mislead the international community.

Thus, within the goals of the Foundation a special working group of experts was established, consisting of lawyers, linguists, social media specialists, and professionals specialized in Azerbaijani studies, among others. A special working group was established by the Human Rights Ombudsman of Artsakh as well.

The working groups conducted targeted fact-finding activities, fact-checking, as well as professional analyses to prepare this special public report. While preparing this report, the Foundation and the Ombudsman working groups cooperated with experts, local and international journalists. For example, facts revealed by an international journalist Ms. Lindsey Snell has played important role in conducting analyses in this report<sup>3</sup>.

The key purpose of the current report is to unveil the real picture behind the so-called “eco-activists” of Azerbaijan. The important task was to expose identities of the so-called “eco-activists”, their key leaders and main actors, their real intentions and affiliations; “eco-activists”, who have suddenly appeared in Artsakh (Nagorno Karabakh) with stories and “civilian” claims despite the fact that there are numerous environmental and human rights problems in Azerbaijan.

Thus, who are these so-called “eco-activists”, who did blockade the Road of Life on 12 December 2022, resulting in humanitarian catastrophe with systemic and grave violations of human rights of the indigenous civilian population living in Artsakh?

The working group reviled that these self-proclaimed “eco-activists” are coordinated and controlled by the Azerbaijani authorities. These people in their turn are governed by people who are very closely affiliated with their state authorities and/or are funded from public or Government affiliated funds (e.g. Heydar Aliyev Fund).

The Foundation composed and published its first evidence-based report on 14 December 2022<sup>4</sup>. Certain activities were carried out by the Human Rights Ombudsman of Artsakh.

For example: Etibar Mammadov is the Chairman of the Public Association "Propaganda of Culture and National Traditions", Director at VATAN TV MEDIÀ, Founder and Editor-in-Chief of AktualTV and this is a pro-governmental media and the Association is funded by the state.

In addition, the analyses show that the Azerbaijani so-called "environmentalist activist" leaders spread information and photos, praising Azerbaijani authorities and spreading government propaganda. They advocate the Azerbaijani government policy with anti-Armenian posts or hate speech against ethnic Armenians.

Just a glaring example: *Telman Qasimov*, one of the leaders of the "action," on the one hand calls out in Armenian, assure that they will live in peace with Armenians, but his Facebook social network

page proofs the opposite – he posts photos of the Azerbaijani soldiers who trampled the flags of Armenia and Artsakh, and rejoices at the loss of life on the Armenian side. The facts shed light on the fact that this man, full of hatred against Armenians, is a member of the Azerbaijani military; according to reliable sources, he is an officer of the military special intelligence services, who also actively promotes the belligerent statements of the President of Azerbaijan. He openly shows his connection with the terrorist-nationalist group Gray Wolves in his pictures on social networks, he publishes a photo of pride with Ramil Safarov, who killed the Armenian officer Gurgen Margaryan with an axe while he was sleeping and was sentenced to life imprisonment in Hungary<sup>5</sup>.

Grey wolves are also glorified by young participants who blocked the Road of Life. For example, one of the activists *Shahin Aliev* posted a video in his Instagram profile story section with the following heading: “***Let these mountains see the night grey Wolfe***” (see the picture below).

---

<sup>5</sup> It has to be clarified that in its *Makuchyan and Minasyan v. Azerbaijan and Hungary* judgment (application no. 17247/13), the European Court of Human Rights (ECtHR) recorded that Ramil Safarov's presidential pardon, benefits and encouragement at the highest state level and glorification among the entire Azerbaijani society were ethically motivated. According to the ECtHR, this is evidenced from the statements of the high-ranking officials expressing their support for the conduct. In its judgement, the ECtHR condemned Azerbaijan for the release and glorification of a person who committed murder as a result of ethnic hatred, which is a dangerous impetus for creating an atmosphere of impunity (earlier, international organizations, such as CoE European Commission against Racism and Intolerance (ECRI), UN Committee on the Elimination of Racial Discrimination expressed their concern over the transfer and release of Ramil Safarov as well). The ECtHR found a violation of right to life guaranteed by the European Convention on Human Rights (Article 2), as well as the right to prohibit discrimination (Article 14), in conjunction with the Article 2. In particular, according to the judgment, Azerbaijan failed to enforce the punishment of his citizen and to in effect grant him impunity for a serious hate crime.

Moreover this activist posted a song which is called “**We are life takers, we go to kill**”.

***Below are the words and the link to the song mentioned above:***

*We are life takers, we go to kill  
We go to take life  
We go to shed blood for the blood left on the ground  
We go to shed blood  
We are life takers, we go to kill  
We go to take life  
We go to shed blood for the blood left on the ground  
We go to shed blood.*

With this song the “eco-activist” agents of Azerbaijan show their real intentions towards Armenians and the sign of the ultra-nationalist terrorist organization “Grey Wolves”<sup>6</sup>.

---

<sup>6</sup> The video with English translation is available at: [https://www.youtube.com/shorts/x0rr0RxS\\_S0](https://www.youtube.com/shorts/x0rr0RxS_S0).

The Foundation also detected a video when a group of Azerbaijani Government’s “eco-activist” agents show their real hateful attitude towards Armenians when blocking the only Road of Life connecting Artsakh to Armenia<sup>7</sup>.

Another video was detected that shows the “eco-activists” streaming the Turkish flag: it was brought at the beginning of the blockade and later was removed. According to the information acquired by the Foundation certifies that in the first days workers from Turkey were involved in blocking the Corridor, but later they were removed. These are workers hired to work in Shushi<sup>8</sup>.

It was also detected that among the “eco-activists” there are leaders or members of different non-governmental organizations (NGOs), trying to pretend that these are independent people from civil society. Detailed research and analysis shows that these NGOs are funded by the state budget of Azerbaijan or other sources closely affiliated with the Azerbaijani authorities (they are identified in the current report to the extent possible). State (Government) control over these NGOs is regulated by the Decree of the President of Azerbaijan<sup>9</sup>.

Other examples of the fake “eco-activists” illustrate a similar picture, provided in the report below. As a bottomline, most of the leaders and key activist are either directly or indirectly affiliated with the government and state institutions or quasi-state bodies, including members of Azerbaijan’s bar association, writer’s union, state-sponsored media, state universities, state oil companies, military veterans’ public associations, and so forth.

The fact that the so-called “eco-activists” have no relation with environment is also certified by foreigners, who are invited to visit territories that fell under the control of Azerbaijan during the 44-Day War as tourists. Their statements are documented and verified by Ms. Lindsey Snell, an international investigative journalist. Thus, according to one of the tourists, “*Nobody here cares about the environment, but this way, you can control the media and the world opinion, because theoretically, the environment is important*”<sup>10</sup>.

*Overall, this report establishes a number of key findings related to the blockade of the Road of Life connecting Artsakh to Armenia by the so-called “eco-activists” [agents of the Government of Azerbaijan]:*

- i) they have no relation to environment or environmental issues. It is obvious that environment is used for political purposes;*
- ii) they are under the control of Azerbaijani authorities or work for the Azerbaijani authorities or their activities are funded either by the state budget of Azerbaijan or Government affiliated sources;*
- iii) they are Armenophobic people filled with convictions of deep hatred towards Armenia and Artsakh, as well as Armenians, in general. This report provides evidence of encouragement and calls for violence by these people, as well as support to all hatred and animosity policies of the Azerbaijani authorities.*

*All these findings are proved by evidence and evidence-based analyses provided in this report.*

## **2. ANY OF THE SO-CALLED “ECO-ACTIVISTS” COULD NOT REACH THE “LACHIN CORRIDOR” WITHOUT THE AZERBAIJANI AUTHORITIES’ SPECIAL PERMISSION**

As a result of the 44-Day War, the entry and exit of citizens to the territories that came under the control of Azerbaijan is regulated by the Azerbaijani legislation. A special regime of movement is established in these territories. The movement of the “activists” who illegally blocked the only road connecting Artsakh to Armenia could not be without the permission of the Azerbaijani authorities.

This is evidenced by the Foundation studies, which revealed the decree of the Azerbaijani President signed on October 29, 2020<sup>11</sup>.

It is noteworthy that, according to the Azerbaijani legislation, the Ministry of Internal Affairs grants permission to enter the territories that became under the control of Azerbaijan, based on a citizen’s application (written or electronic)<sup>12</sup>.

Studies reveal that citizens can apply for a permission only within the framework of specific visits organized by the state and mainly those citizens (mostly state and cultural figures, journalists) who are informed in advance about being included in the given visit.

In other words, neither an official nor a citizen who is not a public figure can freely enter or freely move through the said areas at their discretion.

Monitoring of the Azerbaijani press and social networks confirms that there is currently a practice of selectively issuing permits in Azerbaijan, and this policy has caused dissatisfaction inside Azerbaijan itself.

According to media and social networks, many citizens of Azerbaijan complain that only participants of state organized events can receive permission, and for private visits, access is allowed only to close-to-government circles.

For example, in February 2021, 6 residents of the Aghjabad region of the Republic of Azerbaijan went to Fizuli and Hadrut, after which they were stopped by the police. As the Azerbaijani section of BBC News notes, the Ministry of Internal Affairs of Azerbaijan informed them that studies are being conducted or an investigation is being conducted to give a legal assessment of the actions of these people.

---

<sup>11</sup> The decree is available at: <https://president.az/az/articles/view/44886>, <https://e-qanun.az/framework/46229>.

<sup>12</sup> Submission of electronic applications on the website of the Ministry of Interior: <https://e-muraciets.mia.gov.az/>

This justifies once again that since December 12, 2022 the only road connecting Artsakh with Armenia and the outside world is illegally blocked by self-proclaimed “eco-activists” in reality are the agents of the Azerbaijani Government; this is confirmed by credible evidence (See also these facts: <https://bit.ly/3GUYrOv>). These people are used as tools for the Azerbaijani authorities’ ethnic cleansing policies

**THE SO-CALLED "ECO-ACTIVISTS" COULD NOT REACH THE LACHIN CORRIDOR WITHOUT A SPECIAL PERMISSION OF THE AZERBAIJANI AUTHORITIES: THE FOUNDATION HAS ANALYZED NEW FACTS**

There is a special regime of movement in the territories of Artsakh that under the control of Azerbaijan; entry or exit is possible only with the permission of the Azerbaijani Government.

It is, therefore, absolutely grounded to claim that blocking the only road that connects Artsakh to Armenia and isolating the people of Artsakh have nothing to do with environmental issues. It is simply the part of Azerbaijan's criminal policy against Armenians with the aim to suppress the absolute legitimate right of self-determination of Artsakhi Armenians in absolute violation of international rules.

Древний азербайджанский город, ставший столицей Армении

Иреван, ныне известный как столица Армении - Ереван, простирался на обширной территории на берегу реки Занги, протекающей по живописной долине Агрыдага, прозванного армянами «Аракатом». Во всех исторических источниках город упоминается под названиями «Реван» и «Иреван». Во многих исследованиях, посвященных древней истории и периоду образования Иревана, отмечается, что топоним «Иреван» происходит от тюркских слов «-ир», то есть «смелый», «отважный муж», и «аван», что значит «рай, земля» - «Земля отважных мужей». В XVI-XIX веках в этих краях существовали десятки крепостей, площадей, базаров, мечетей, караван-сараев, башен и родников, носящих азербайджанские названия.

Государственный Центр Перевода подготовил видеоролик под названием "Древний азербайджанский город, ставший столицей Армении", в основу которого легли документальные свидетельства о процессе насильственного изгнания азербайджанцев со своих исконных земель армянами, переселенными на эти территории в 1827 году под прямым покровительством царской России.

Azərbaycan Respublikasının Prezidenti İlham Əliyev 2021-ci il 20 aprel tarixində Azərbaycan Televiziyasına müsahibəsində qeyd edib ki, Zəngəzur dəhlizinin yaradılması Azərbaycanın milli, tarixi və gelecek maraqlarına tam cavab verir. "Biz Zəngəzur dəhlizini icra edəcəyik, Ermanistan buunu istəsə de, istəməsə de. İstəsə, daha asan həll edəcəyik, istəməsə de zorla həll edəcəyik. Neca ki, man müharibədən avval və müharibə dövründə deməsdim ki, bizim torpağımızdan öz xoşunuzla rədd olun, yoxsa sizi zorla çıxarıcaq. Belə də oldu. Zəngəzur dəhlizinin taleyi də eyni olacaq. Bizim əsas rəqibimiz zamandır. Çünkü dəmir yolunun, avtomobil yolunun çəkilişi vaxt tələb edir. Ona görə bütün güclər safərber olunub ki, bu layihə icra edilsin. Beləliklə, Azərbaycan xalqı 101 il bundan avval bizim əlimizdən alınmış Zəngəzur qayıdacaqdır". Zəngəzur dəhlizinin açılması üçün hüquqi asaslar – Azərbavcan. Rusiya və Ermanistan

**Translation:** In an interview given to Azerbaijani television on April 20, 2021, the President of the Republic of Azerbaijan Ilham Aliyev stated that the creation of the Zangezur Corridor fully corresponds to the national, historical and future interests of Azerbaijan. "We will implement the Zangezur corridor whether Armenia wants it or not. If he wants, we will solve it easier, if he does not want, we will solve it by force. As I said before the war and during the war, leave our land however you wish, or we will force you out. And so it happened. The fate of the Zangezur corridor will be the same, our main competitor is time. Because the construction of railways and highways takes time. Therefore, all forces were mobilized to implement this project. Thus, the people of Azerbaijan will return to Zangezur, which was taken from us 101 years ago."

The screenshot shows a Facebook profile for Ibrahim Safarov. Below his profile picture, there is a post with a thumbnail image of a protest. The post includes a caption in Russian: "Горнолыжный спорт" (Snowboarding sport) and a link "Все". To the right of the post is a news article from "Azerbaijan News24" dated December 14, 2022. The article discusses a protest on the Xankendi road against illegal mining. It includes a quote from a soldier: "Fearless Azerbaijani soldier. You are never alone in your position. Because you have your best friend, the gun. Most importantly, you have a Free Karabakh, which makes you proud. Always look at the enemy right in the eye!!!". The post has a like button and a share icon.

As is known, a protest action is being held on the Shusha-Khankendi road for the 3rd day already against the illegal exploitation of mineral deposits in Karabakh.

The sign posted by the Shusha Police and Internal Troops soldiers on the road to Khankendi aroused interest.

So, in the same photo it was written: "Fearless Azerbaijani soldier. You are never alone in your position. Because you have your best friend, the gun. Most importantly, you have a Free Karabakh, which makes you proud. Always look at the enemy right in the eye!!!"

It should be noted that the photo was shared by transport expert Elmaddin Muradli.

**Translation:** Today is a month since the war has started. A lot of people suffered from both sides; it's not a secret. During this month I was following International news mainly, but was paying attention to Azerbaijani and Armenian #news as well. I was talking to people from Armenia, reading their comments, trying to find out their opinions; what they #believe in. I want to address all Armenians, please read below, and let me know your opinion. Correct me if I'm wrong.

Since the first day of the conflict, Armenian people persist that all Azerbaijani people are brainwashed, they don't know what is happening on the #front, and that our (Azerbaijani) #army is #losing. In 30 days Azerbaijan took almost half of the #lands that Armenia once took from us in four years, do you believe your #government? Do you think that they are telling you the truth? If everything is SO good on your front, why is he calling more and more volunteers? Why is he asking for help from all the countries? #President of #Russia himself declared that #Pashinyan is calling him several times in a DAY. Why don't you ask yourself; if everything is so good WHY is he doing that?

I saw lots of #videos of Armenian #soldiers who don't want to fight, do you know the reason for it? Or maybe those videos are fake? They have no #food, no #water no #military #equipment, are you aware of that?

I see these days there are a lot of videos of the #Church that was damaged during the #conflict. Armenian #media is trying to use it as propaganda, and tell the world that Azerbaijani people are against Christianity. Did you know that there are several #Catholic, #Russian, #Lutheran and even Armenian #Churches and #Synagogues in the capital city of Azerbaijan? Did you know that Azerbaijan is a #multicultural country which is home to more than 15 ethnicities? Ask yourself why Azerbaijan would shell a Church for no reason?

Did you know that your government is using #civilians as a #human shield? You don't believe in this, right? Have you seen photos of puppet "president" #Arayik, having a meeting with soldiers in the #KINDERGARTEN? Let me know your opinion, is it #NORMAL? What about #child soldiers, do you know about them? Do you know that your government is using Armenian #kids against the Azerbaijani army? Isn't it violence?

Have you seen attacks on #GanjaCity? Armenian government ordered to shell #Ganja TWICE. Both of the attacks were done right after the ceasefire, in both of those attacks they used #SCUD ballistic missiles. And unfortunately, civilian apartments, were targets of both attacks. Have you seen photos of kids left under the apartment? Your government denied those attacks at first, lying that it was done by "#Syrian #terrorists". Later when Azerbaijan proved that the attack was from the Armenian side, they said they were targeting military bases in Ganja. Why would you even #shell a #military base far away from the conflict zone? And even if you were doing so, why you lied at first? Have you asked these questions to your government?

People in Nagorno-Karabakh say #Karabakh is their homeland and they will never leave it. We do agree with that! Armenians living in Karabakh are Azerbaijani citizens! They will stay in their land, the same as ethnic Armenians living in Azerbaijan. Yes! Did you know that 35,000 ethnic Armenians are living in Azerbaijan right now? They live in peace and prosperity. But have you ever asked yourself why there are no Azerbaijanis that are living in #Armenia? Have you asked yourself why #Azerbaijan has 1 million refugees and IDPs? Isn't it right of those people to live in their homeland as well as you do? If you look at things from this perspective, tell me, who is the aggressor?

You don't #believe me? That's #fair! Do your #research! See #internationalnews! Don't be #blind!"

**Translation:** Azerbaijan and Turkey have been by each other's side in all historical periods. On June 15, 2021, in the city of Shusha, one of the main points that stood out in the speeches of the two leaders was the sentence "The strength of Turkey is the strength of Azerbaijan, and the strength of Azerbaijan is the strength of Turkey." The President of the brotherly country, Mr. Recep Tayyip Erdoğan, in his speech at the UN Milli Majlis on June 16, 2021, referred to the nuance mentioning and emphasizing that "Turkey, both as a state and as a nation, throughout this holy war stood by Azerbaijan with all its heart." As Ahmad Javad, the author of the words of the national anthem of Azerbaijan, wrote that during the Balkan war, he fought together with the Azerbaijani youth in the ranks of the Ottoman army, as the brave men of Azerbaijan and Anatolians fought in the Dardanelles, were martyred and won together, as the lions of the Caucasian Islamic Army, Nuri Pasha, if on that day, their soldiers will come to the aid of our Azerbaijani brothers, these two peoples will be equal today and in the future.

Also, Mr. Recep Tayyip Erdogan, in his speech in the Milli Majlis of the Republic of Azerbaijan of June 16, 2021, referred to the crimes committed by Armenians throughout history and stated that "When Nuri Pasha came to the Caucasus, Armenians killed more than 12 thousand Turks and Muslims." A massacre took place in the Caucasus, which will be written on the black pages of history. Those who slander the Turkish nation should first look at the Caucasus and Azerbaijan. They should also look at what happened in Karabakh and Khojaly thirty years ago, not just a hundred years ago. Let those who want to know the truth come to the liberated areas and see the bitter consequences of Armenian brutality with their own eyes, the world community should know the truth. The cruel behavior of Armenia shows whose homeland is Karabakh. When Azerbaijanis were forced to leave Karabakh thirty years ago, they did not destroy any place or burn any house. Because a person cannot destroy his homeland, he cannot burn his homeland. If you want to see the difference between culture and vandalism, let him see the difference between the two eras of Karabakh.

### CONTINUE OUR FIGHT

I still have my Eagle's wing cracked,  
One side of my whole map is missing,  
Trigger in the trench ready to pull,  
No matter how much we want peace,  
Our struggle is still on.  
And now our sword is sharper,  
Enthusiasm in our spirit, discipline in deed,  
Never-ending grudge against the enemy,  
We haven't completely collapsed, knees to fats,  
Our struggle is still on.  
Both Zangazur and Darband are mine,  
I have an enemy on my right and left,  
My Great Homeland will be united again,  
May every country be clean from enemies,  
Our fight is still on.  
Our path is the path of truth, in the moment of loyalty,

As long as our blood is in the body, in the body,  
In Azerbaijan divided by Araz,  
This slogan and motto will never be forgotten;  
Our struggle is still on.  
Still my Savalan is breaking the haray,  
Still longing for Araz river,  
Ghazvi's eyes shed tears because of longing,  
Urmia, Tabriz calls Baku,  
Our fight is still on!

Aksiya hədəfina çatacaqmı? Ümumiyyətlə aksiyada hədəf nədi? Bu səali son günlər tez-tez verirlər. Əvvəla onu deyim ki, Azərbaycan artıq istədiyi nail olub. Görək istədiyini görüb, göstərmək istədiyini göstərib. İndi Qarabağ ermənilərinin de, sülhməramılın da Azərbaycanla razılaşmaqdən başqa şansı yoxdu. Ya dinc aksiya fonunda şartlarımızı qəbul edəcəklər, ya da yenidən hüququmuzu Azərbaycan ordusu təmin edəcək. Yəni qısa müddətde komandalarımız faydalı qazıntı yataqlarımızda görə bilerik. O bölgədə isə bu realliga qarşı çıxa biləcək güc yoxdu. Əgər iş orдумuza düşsə, onlar iki yataqla kifayətlənməyəcək. Laçın yolunda Azərbaycanın nəzarət-buraxılış məntəqəsinin qurulmasından tutmuş digər hüquqlarımızı da təmin edəcəklər. Şübhə edənlər iki il əvvəli xatırlasınlar.

**Translation:** The next victory of our diplomacy: Azerbaijan destroyed the France-Armenian tandem.

Despite all their efforts and attempts at the UN Security Council, France and Armenia could not reach the adoption of a resolution on the situation on the Lachin Road. As it is known, France and Armenia want the action of Azerbaijani eco-activists on Lachin road, following the call of the extraordinary meeting of the UN Security Council on December 21, France and Armenia to "definitely deteriorate and immediately open the road" tongues.

Some time ago, in September Armenia wanted to include "Letter of Armenia's Permanent Representative to the UN" in the agenda of the UN, and Armenians, of course, supported France.

Later, the Paris-Yerevan duet demanded the discussion of the events in September 2022 at the TC. At the same time, it is known that France was one of the main causes of events happening in this event for decades.

Now, as a member and temporary chairman of the UN Security Council (SC), France prepared a draft resolution that fully responds to Armenia's "interests". In the document, the peaceful action on the Lachin road was presented as "humanitarian disaster, blockade". The process started and lasted 10 days.

France was sure that it would achieve the acceptance of the obvious pro-Armenian statement at the UN, and then "translation" the document to a resolution. Armenia was also sure of this: the official Yerevan recently declared without a break that one of its most general goals is "the adoption of a relevant resolution" at the UN World Cup.

Paris and Yerevan tried to interpret the situation on the Lachin road for their benefit in international organizations, especially in the UN. But Paris and Yerevan's cunning game did not work.

On the other hand, the US also understood that such behavior of France and Armenia contradicts the trilateral declaration, the process leading to the signing of the final peace agreement and generally the negotiations aimed at conserving peace in the region. Despite all its efforts, the chairman of the United Nations Cup France could not achieve what he wanted.

At first, the expression "Nagorno-Karabakh" was taken from the text of the document on the situation on the Lachin road. Later the document added that "humanitarian assistance can be provided only on the basis of respect for Azerbaijan's territorial integrity and sovereignty". In the end, the statement "Support for the territorial integrity of Azerbaijan" was added to the document.

After the 7th editing, the content of the document changed completely and France AVOIDED the new editing of the document!

Official Paris and Armenians are now in hysterics: Azerbaijani diplomats have achieved complete modification of the initial, obvious pro-Armenian content of the document by showing exceptional professionalism. And this can and should be counted as Baku's victory over Paris in the UN. Even France is so enraged by the failure of this attempt that it wants to recall its permanent representative to the UN. Thus, the end of 2022 resulted in a complete diplomatic defeat to Azerbaijan at the UN for French diplomacy.

The United Arab Emirates, Britain, Russia and Albania supported our country in the struggle. We are thankful for them. In fact, even if the initial editing of the document was accepted, it would not affect the official Baku policy and the diplomacy of our country AT ALL. Nevertheless, defeating Paris in diplomatic terms was a matter of principle for us.

Today, the Azerbaijani people continue their rightful, irreversible struggle by showing true solidarity. Today we demonstrate high determination, perseverance, determination and willpower and until our demands are fulfilled no force can divert us from our righteous path!

Today marks the 6th day of our protest on the Lachin road in Karabakh, Azerbaijan.

Illegal exploitation of natural resources and destruction of our ecology has to stop. We will not move from here until we hold the necessary monitoring of the damage made by Armenia over the years.

This is not a blockade aimed at causing humanitarian crisis for Armenians residing in Khankendi, Azerbaijan. The road is open for civilians and we are ready to provide any humanitarian help needed for people. It is very unfortunate that their self proclaimed leadership is holding them hostage and playing with their lives just to be able to put up a show called "blockade."

Any Armenian reading this from Khankendi, you can contact me personally if you need any help and I will make sure you get the help you need.

Сегодня исполняется 6 дней нашей акции протеста на Лачинской дороге в Карабахе.

Незаконная эксплуатация природных ресурсов и разрушение нашей экологии должны прекратиться. Мы не свинемся с места, пока не проведем необходимый мониторинг ущерба, нанесенного Арменией за эти годы.

Burada en böyük çətinlik ondan ibarətdir ki, Ermənistən tərəfi biza mina xəritələrini vermir,  
bundan imtina edir. Halbuki biz dəqiq bilirik ki, onlarda belə xəritələr var deyən Prezident İlham  
Əliyev bugünkü Ağdamda olan 97000 minanın yerini göstərən xəritəni düşmən tərəfdən götürə bildi.  
Nəzərə alsaq ki erməni kimi menfur düşməndən bunu almaq siyasi uğur hesab oluna bilər.

The biggest difficulty here is that the Armenian side does not give us mine maps, and refuses it. Although we know exactly that, President Ilham Aliyev, who said that they have such maps, was able to remove the map showing the location of 97,000 mines in Aghdam today from the enemy side.

Considering that taking this from an enemy like Armenia can be considered a political success.

**Translation:** The biggest problem here is that the Armenian side does not give us the maps of the mined areas, and refuses to do so. However, we know for sure that President Ilham Aliyev, who said that they have such maps, today managed to take the map of Aghdam, the place of 97 thousand mines, from the enemy. Considering that we took from such a hated enemy as the Armenians, this can be considered a political success.

Sanki qarşımızda mərd bir düşmən, müharibə qanunlarına əməl edən bir ordu dayanıb. "Erməni ordusu" adlanan silahlı vəhşi yiğini bu 30 ildə qadınlara, uşaqlara belə aman verməyib. Onlar hərbi və mülki əsirlərə işgəncə verib. 90-larda əsir düşmüş yüzlərlə azərbaycanlıların taleyindən xəbər yoxdur. Çoxunun bədən üzvlərini orqan mafiyasına satıblar. Müharibədə hər şey ola bilər. Onu edənlər "Fəryad" filminin təsiri ilə böyükən nəsildir. Xocalı dəhşətini ata-analarından eşitmış gənclərdir. Etmə bulma dünyasıdır. Etməyəydirlər, cavab almayıyadılar. Yatan əsgərə mərmi atmaq mərdlik idi? Bir də ki ən yaxşı işgalçi ölü işgalçıdır. Qoy, bilsinlər ki bizim torpaqda işgalçiya, terrorçuya, separatçıya aman olmayacaq.

The group of armed savages called "Armenian Army" has not spared even women and children over these 30 years. They tortured prisoners of war and civilian captives. There is no information about the hundreds of Azerbaijanis captured in the 90s. Parts of bodies of many people were sold to the mafia for organs. Those who do such things are the generation that grew up under the influence of the movie "Scream". It is the young people who heard about the horror of Khojaly from their grandfathers and fathers. Don't do things, not to get them. If they didn't, they wouldn't get an answer. Is it brave to throw a bullet at a sleeping soldier? The best occupant is a dead occupant. Let them know that the occupants, terrorists, separatists will not be spared in our land.

Noyabrın 25-də Azərbaycanın işgal altında olan ən böyük rayonu – Kəlbəcər işğaldan azad edildi. Otuz il ərzində düşmən tapdağı altında qalan torpaqlarımızın hər qarışının, azad edilən hər kəndin, hər şəhərin Azərbaycan üçün əhəmiyyəti son dərəcə böyükdür. Rayonlarımızın hər birinin düşməndən təmizlənməsi, əslində, özü-özlüyündə tarixi qələbədir. Kəlbəcər Müzəffər Ali Baş Komandanın ikinci Qarabağ müharibəsində yürüttdüyü hərbi-siyasi yolun davamı olaraq bir güllə atılmadan azad edildi və düşmən rayondan çıxmağa məcbur edildi. Bu, Azərbaycanın döyüş meydanında olduğu kimi diplomatik danışıqlarda da qalib olmasının göstəricisidir. Kəlbəcərin azad olunması ilə Azərbaycan BMT Təhlükəsizlik Şurasının 822 sayılı qətnaməsini, ümumilikdə isə, bütün qətnamələrini faktiki olaraq məhz özü hərbi-siyasi yolla yerinə yetirdi. Azərbaycan öz torpaqlarının işğaldan azad edilməsi üçün apardığı bu Vətən müharibəsində qazandığı tarixi Qələbəsi ilə, əslində, bütün Qafqazı erməni faşizmindən xilas etdi. Eyni zamanda, bu Qələbə erməni faşizminin bütün bəşəriyyət üçün nə dərəcədə təhlükəli bir cərəyan olduğunu bütün dünyaya göstərdi. Müzəffər Ali Baş Komandan İlham Əliyevin rəhbərliyi ilə ordumuzun düşmən üzərində qazandığı şanlı Qələbə nəticəsində işğaldan azad edilmiş digər ərazilərimizdə olduğu kimi, Kəlbəcərə də həyat yenidən qayıdır.

İki gün önce [Мария Захарова](#) belə bir paylaşım etmişdi(şəkil 1). Mən də şərh bölümünə: "İrəvan eto Azerbайджан" yazdım. Erməni itləri (it deməli, bu gecə yuxumda yaman çox it görmüşəm ) iki gündü əl ayağımı yeyirlər. Yazmadıqları söyüş təhqir, qalmayıb. Təbii ki, mən də şifahi xalq ədəbiyyatından bildiyim "xoş söz"lərdən istifadə edərək cavablarını verirəm. Axırda şərh bölümünə Şanlı Ordumuzun Şuşaya girişini eks etdirən bu şəkili (şəkil 2) yerləşdirdim və "Скоро токое же фото будет в Иреване" yazdım. Hələ də Zaxarovanın səhifəsini üfünətə qərq etməkdə davam edirlər 😊.

Can Şuşa sənin Azadlığın bizi özümüzə qaytardı. Sənə qovuşandan sonra İrəvana, Güneyə, Borçalıya, Dərbəndə gedən yollar çox qisaldı.

Доброе утро, Ереван ❤️

Armenian dogs (Saying, I remembered that I saw many dogs in my dream last night) have been on my nerves for two days. Curses and insults were not left to write. Of course, I also answer with "good words" learned from our folklore. At the end, in the comments section, I put this picture depicting the entry of our glorious army into Shusha and wrote "Soon, such a picture will be in Yerevan." They are still scrambling on Zakharova's page.

Ermənistan və Avropa İnsan Haqları Məhkəməsinin yetkililəri nəhayət ki qanmalıdır -- Azərbaycanın işğal olunmuş əraziləri geri qaytarılmasa, baş verəcək savaşda hər Azərbaycan əsgəri ən azı RAMİL SƏFƏROV olacaq və hər erməni əsgərini ən azı Qurgen Markaryanın aqibəti gözləyir. Bizdə Ramillar bütövlükdə Ermənistana yetəcək qədər çoxdur və hər birisi bu gün yalnız Ali Baş Komandanın əmrini gözləyir!

The Armenian and European Human Rights' Court officials should at last comprehend the fact that in case the occupied territories of Azerbaijan aren't given back, in the upcoming war every Azerbaijani soldier will become at least a Ramil Safarov, and each Armenian soldier will be expected to have at least the fate of Gurgen Margaryan. We have so many Ramils enough for the whole Armenia and all of them just wait for the command of the Supreme Commander-in-Chief!

Mən heç bu addımı alqışlamıram. İnanıram ki, bir çoxlarının fikri mənlə üstü düşər. Bunu ekskursavodu kim olub bele? Yaman həvəslə şəkildə gəzdirib bunu. Elə bil ahd edib əlimə erməni düşsün ona qonaqlıq verecəm. ☺ onların qanı şərəfsiz qanıdır. Ölkdə bu vaziyət tügħyan etdiyi halda erməni Bakıda qutab yeyir nədi ??????

Xilas edilərək döyüş bölgəsindən təxliyə olunmuş Ermənistan vətəndaşı Aznif Baqdəsaryan: "Məni qorxudurdular ki, sən azərbaycanlıların əlinə düşsən öldürəcəklər. Ancaq tam əksi oldu. Mənimlə yaxşı rəftar edirdilər. Mənə Bakını göstərdilər. Sevdiyim qutabı burada yedim. Kim nə deyir-desin, ən dadlı qutabları Bakıda bışırırlar. Mən Bakıda paxlava ilə çay içdim. Həmçinin mənə köhnə və xoş xatirələrimin olduğu Bakını göstərdilər. Nənəmgilin yaşadığı evi də mənə göstərdilər".

Let anyone say what they want, the most delicious pies are baked in Baku. I had tea with baklava in Baku. They also showed me the part of Baku with which I have old and good memories. They also showed the house where my grandmother used to live."

Jemile Abdulova: "I do not welcome this step at all. I believe that many people agree with me. Who was the guide for this? They took good care of this. If an Armenian falls into my hands, they will see how I host themwill entertain him. Their blood is dirty, dishonorable blood. Bu ermənilərin Kəlbəcərə son baxışıdır. Biz bu baxışı görmək üçün otuz il gözlədik. Amma biz belə baxmağa vaxt belə tapmamışdıq. Xalqımız qırıldılar, Vatanımı zəll hala saldırlar. Bu mührəbə ilə qisası aldıq? Əksinə kin üzərinə kin gəldi. ermanının sonsuzadək, məhv olanadək düşməniyiik. Bundan sonra onların gülən üzü olmayacaq. Ömür boyu özləri uydurub axırda özləri də inanmayacaqlar.

Azərbaycan ordusu möcüzəni gerçəkləşdirdi və bu gün, məhz bu gün Kəlbəcərə on saat vaxt vermiş erməni diğasının doğum gündündə biz də ona Kəlbəcərsizliyi hədiyyə eladık. Baş nə bilmisdiniz on gün dəha artıq gözləyərək? Kəlbəcəri siza verdik? Onlara söyüş belə söz israfıdır. Ən son o bayraq Xankəndinə sancılacaq və o zaman bütün kainat bizim qüdrətimiz qarşısında baş ayaçacak. Hər zərrə hər damla şəhid qarşısında baş ayaçacak.

Mənim şəhidim mənim qürurumdur və mənim ordum güvəndiyim tək yerimdir.

Yaşasın Azərbaycan! Qarabağ Azərbaycandır!

**Translation:** This is the last look of Armenians to Kelbajar. We have waited 30 years to see this look, but we have not found time to even look like this. They massacred my people, threw my homeland into misery. Did we take revenge with this war? On the contrary, we were filled with a greater revenge. We are eternal enemies until the last Armenian is destroyed,. After this, their eyes will not smile. They have misled themselves all their lives, they will not believe us either.

The Azerbaijani army did a miracle, and today, exactly today, on the birthday of that soldier, who gave us 10 hours to leave, we give him a gift without Kelbajar. And what do you think we waited 10 days more? Did we give Kelbajar to you? Even swearing is a waste for them. In the end, our flag will fly in Khankendi and the whole world will bow before our power. Every particle, every drop will bow before our victims, shahids.

My martyr is my pride and my army is my only hope.

Long live Azerbaijan! Karabakh is Azerbaijan.
